The purpose of this was to come up with a plan moving forward for salary increases for this year, as well as the next couple years to try to get our county in line with where we need to be. They are going to do a weighted average for our teachers depending on years of experience. All other classifications would receive a 5% increase for the 2019-20 school year. The plan is to get salaries for teachers where we would rank third amongst surrounding counties. Moving forward, this weighted average is just for 2019-20 for teachers.
