Clerk of the Giles County School Board Date

There was no action from closed session.

The School Board then began their work session.

Board members discussed the facilities scope assessment study and went over the scope of work that was presented by Crabtree, Rohrbaugh & Associates – Architects (CRA). CRA proposed a lump sum fee of $40,500 plus reimbursable expenses including printing, travel and mailing direct costs. Also, they presented additional options to enhance the base Facility Assessment, which included evaluating present use of space and developing future space needs. The total for this optional service is $10,250, plus reimbursable expenses including printing, travel and mailing direct costs. They will meet with the facilities scope assessment committee next week to discuss this further.

Board members then discussed more information on the cost of track repairs at GHS and the lift at GHS. The track estimate was $152- $212K, which was higher than what was allocated in the carry over money; however, the facilities study was lower.
than anticipated. The lift proposal is out for bid now and will opened January 9th, so the board will have a better idea of what that will cost.

Dr. Arbogast discussed the Technology Education Teacher posting at Narrows High School and discussed the possibility of giving a current teacher there a stipend to do a class during their planning period next semester. We currently do not have a lot of applicants that are licensed in this area.

The School Board, on motion of Mr. Wilburn, with second by Mr. Steele and unanimous voting, adjourned the meeting.
